Sir:

1. I, John K. Savage, as named inventor, hereby declare that my residence, post office addresses and citizenship are as stated below after my name and I hereby make this supplemental declaration in accordance with 37 CFR 1.175. I believe I am the original, first and sole inventor of the subject matter which is described and claimed in U.S. Patent No. 6,0265,372 (hereinafter "the '372 patent"), issued on February 15, 2000, and subsequent Reissue Application Serial No. 10/077,364 (hereinafter "the '364 application"), filed February 15, 2002.

2. Neither the '372 patent nor the '364 application have been assigned.

3. I hereby state that I have reviewed and understand the contents of the '372 patent, including the claims.

4. I hereby state that I have reviewed and understand the contents of the '364 application, including the claims.

5. I hereby state that I have reviewed and understand the contents of the '364 application, including the preliminary amendment.

6. I believe the '372 patent to be wholly or partly inoperative or invalid by reason of my claiming more than I had a right to claim in the '372 patent. I claimed more than I had a right to claim for at least the reason that claims 1-13 of the '372 did not recite a wasted food registration means, as disclosed in the '372 patent at col. 2, lines 50-51 and Fig. 2.

7. All errors being corrected in this reissue application up to the time of filing of this oath or declaration arose without any deceptive intention on my part.

8. I acknowledge a duty to disclose information of which I am aware and which is material to patentability of this continuation reissue application in accordance with 37 C.F.R. § 1.56.

9. I hereby declare that all statements made herein of my own knowledge are true and that all statements made on information and belief are believed to be true; and further that these statements were made with the knowledge that willful false statements and the like so made are punishable by fine or imprisonment, or both, under Section 1001 of Title 18 of the United States Code and that such willful false statements may jeopardize the validity of this reissue application or any reissue patent issued thereon.
